The Amenities of marriage always a baby. Without it, wedlock is a summer field that never blooms, a flower that never buds, a night without stars, a sermon without a benediction, a prayer without an Amen.  
There never was a husband worthy of the name, who did not aspire to be the father and grandfather of healthy, capable children to hand down his name and the fortune accumulated by the sweat of his brow, from generation to generation. There never was a wife fit to bear that noble title, who did not wish to wear womanhood's most glorious crown, the sceptre of motherhood. Thousands of wedded couples, otherwise happy, fall short of wedlock's greatest happiness because they are childless. In the majority of cases, this is because the wife, through ignorance or neglect, suffers from weakness and disease of the organs distinctly feminine. For women who suffer in this way there is one great medicine that does not fail to accomplish its purpose. It is Dr. Pierce's Favorite Prescription. It acts directly on the delicate organs concerned and makes them strong, healthy, vigorous, virile and elastic. It allays inflammation, heals ulceration, soothes pain and tones the shattered nerves. It fits for wifehood and motherhood. It quickens and vitalizes the distinctly feminine organism. It banishes the maladies of the expectant months and makes baby's introduction to the world easy and almost painless. It insures the little new-comer's health and nourishment in plenty. It is the best supportive tonic for nursing mothers.  
Mrs. Jennie Parks, of Marshall, Spokane Co., Wash., writes: "I am glad to tell of the good results of your great medicine, Dr. Pierce's Favorite Prescription. I was benefited by your medicine in confinement and afterwards. I have no tired feeling and my baby is the picture of health. I feel better than I have in ten years."  
In cases of constipation Dr. Pierce's Pleasant Pellets should be used. It is an adjunct to the "Favorite Prescription." They are extremely simple, perfectly natural and insure prompt and permanent relief.

**SUMMONS.**  
IN THE SECOND JUDICIAL DISTRICT COURT of the State of Nevada, in and for Washoe County.  
The State of Nevada sends to C. H. Gardner, David T. Jones and W. T. Burnham, Greenging:  
You are hereby required to appear in an action brought against you as defendant by A. J. Porter as plaintiff in the Second Judicial District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this summons, exclusive of day of service, if served in said county, or twenty days if served out of said county, but not more than thirty days, if served by mail, or judgment by default will be taken against you according to the prayer of said complaint. This action is brought to recover against you the sum of one hundred and sixty six in block "U" and one hundred and thirty three rods, thence east about one half mile, thence east twenty seven degrees south or thereabouts to the section twelve township nine-north, range twenty east, M. D. B. & M.; and thence running south about one mile to the southeast quarter of section eleven, township nine-north, range twenty east, M. D. B. & M.; about one hundred and seventy two rods, thence south to Truckee river, also the said right of way for said drain ditch through said southeast quarter of section eleven and southwest quarter of section eleven and quarter of section twelve, township nine-north, range twenty east as reserved in the deed of the Union Ditch Company, a corporation, to John Devine of date, February 23, 1892, and recorded in volume 16, page 45, records of deeds of Washoe County, Nevada, together with any and all extensions, enlargements and additions to said drain ditch and right way now owned, used or enjoyed by said Union Ditch Company or in any wise connected with the said drain ditch.  
Public notice is hereby given that on Wednesday the 5th day of April, 1899, at 1 o'clock of said day, in front of the Court House door of Washoe County, Nevada, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much hereof as may be necessary to satisfy said judgment with interest, costs, etc., to the highest and best bidder, for gold coin of the United States.

## TEST OF CIVILIZATION.

The Cincinnati *Tribune*, a radical gold bug paper, very sagely remarks that "when you play at civilization you must use the counters of civilization." By this it means that gold is the money of civilization, and if we wish to occupy a place in civilization we must use the yellow metal. According to that logic, if England should conclude, as she is the greatest creditor nation in the world, that it would be to her advantage, and she should adopt a standard of rubles, Germany and other creditor nations must follow her example or drop out of the column of civilized nations. It is a well known fact that ever since silver was demonetized and its injurious effects began to appear, England has been substantially the only blockade in the way of its restoration. So, according to the *Tribune*, the civilization of a country is determined by its agreement or non-agreement with the monetary policy of England.

With wages going up, as is the case in all the large eastern States, it will be hard for calamity howlers to argue that our prosperity is going down. The way labor is rewarded is an infallible indication of the condition of capital.—*Nevada (Cal.) Transcript*.

With wages going down and the demand for labor decreasing in all of the large and small western States, it is not hard for "calamity howlers" of that section to argue that prosperity is going down. If the *Transcript's* assertion was true, which it is not, that wages are going up in the eastern States, it would not help the Pacific slope, and it ill becomes a western paper to argue general prosperity from that standpoint. While perhaps there is a greater demand for labor in the east, than for the last few years, the supply is greater than the demand, and the employers, and not the toilers get the benefit of it.

THE Sacramento *Bee* closes a good natured argument on the Nevada referendum by saying: "It should be remembered that it was 'the people' who crucified Christ." It should also be remembered that "the people" who crucified our Saviour were in subjection to a foreign power, and not the citizens of a free and enlightened republic like ours. The privilege of choosing what sentenced prisoner should be set free on a certain holiday, which was one of the little rights conceded to them, and the denial of almost all others, was doubtless the cause of their obstinacy in choosing for execution the man whom the hated Roman authorities wished to save. As a matter of fact, it was abridgement of the rights of the people that saved Barrabas and consigned Jesus to the cross.

It is gratifying to notice that many eastern Republican protection papers rise above partisanship in demanding the removal of tariff tax on paper and paper pulp. The International Paper Company, a \$55,000,000 capitalization trust, monopolizes the paper making trade in the United States and sells its surplus product in England and Japan in competition with Canada and German manufactures. There is no country in the world where paper can be manufactured cheaper than in this, and yet the makers have a protection of \$1.50 a ton on their product. When it comes to paper or any material used by the protection papers, they seem to forget that "the foreigner pays the tax."

A PEACE congress has been called to meet at the Hague on the 18th of May. It is to consider the Czar's proposition looking to the eventual disarmament of all civilized nations. A large number of powers will be represented, including the United States. It is not probable that anything of consequence will be done. Since the last session of the Nevada legislature it has been evident that the advent of the millennium is more remote than was generally supposed, and the proposition of conducting the affairs of the world upon an exclusively peaceful basis, is entirely too previous to be seriously considered at the present time.

ROGER Q. MILLS is enjoying the luxury of private life in Texas. He followed in the wake of Cleveland into the attenuated ranks of the false Democracy, since which time the true and sturdy Democrats of the Lone Star State wouldn't touch him politically with a forty foot pole.

The Delaware legislature has adjourned without electing a United States Senator. That is a stand-off for Utah, as the whipping-post State is Republican. Now, let California and Pennsylvania follow suit and the gold-bugs will lose three Senators to the silver men one.

If an editor who denounces a legislator deserves to be shot, what punishment should be meted out to the legislator who proves a Judas to the people who elected him?

The talk of elevating Dewey to the Presidency is a contradiction both to terms and facts. Dewey would have to descend to take the Presidency.

## Rain! Rain!

Dispatches from almost all parts of California bear the glad tidings that rain is falling and the dry and thirsty ground is receiving a thorough soaking which will insure to the people of our sister State a bountiful harvest. The future to many of the good people was too gloomy for comfort and the question presented to them was, what will become of us if there is no rain?

## Took His Wife's Advice.

When the man whose haircut showed that his wife had peculiar notions as to the way a man should dress his hair quit giving advice, one of the listeners said:

"No man has more respect for a woman than I have, but I shall never take the advice of my wife again about money matters. She insisted upon my hiding my salary, so if I should be held up the highwaymen wouldn't get it. I draw my stipend at 6 p. m., and it is quite dark before I get home. She is a good hider in the house, but her talent in that line stops there. Now, she had the brilliant idea that I should put the envelope containing my money under the sweatband of my hat. Highwaymen would never look there and would never rob a man of his hat. After she had made this suggestion about 40 times I accepted it. I went home as usual on the elevated. I had a slight attack of vertigo in the car, and the man who always knows what to do said I needed fresh air and threw up the window. In doing so he knocked off my hat. I went home bareheaded and broke."—*New York Sun*.

## The Brave Bull, the Cruel Spaniard.

The trumpet sounds again, and the espada takes his sword and his muleta and goes out for the last scene. This, which ought to be, is not always the real climax. The bull is often by this time tired, has had enough of the sport, leaps at the barrier, trying to get out. He is tired of running after red rags, and he brushes them aside contemptuously. He can scarcely be got to show animation enough to be decently killed. But one bull that I saw was splendidly savage and fought almost to the last, running about the arena with the sword between his shoulders, and that great red line broadening down each side of his neck on the black, like a deep layer of red paint, one tricks oneself into thinking

He carried two swords in his neck and still fought. When at last he, too, got weary he went and knelt down before the door by which he had entered and would fight no more. But they went up to him from outside the barrier and drew the swords out of him, and he got to his feet again and stood to be killed.—*Saturday Review*

## She Let Him Off.

One night Green came home very late and found his wife evidently prepared to administer a Caudle lecture. Instead of going to bed, he took a seat, and, resting his elbows on his knees, seemed absorbed in grief, sighing heavily and uttering such exclamations as "Poor Watkins! Poor fellow!"

Mrs. Green, moved by curiosity, said sharply, "What's the matter with Watkins?"

"Ah," said Green, "his wife is giving him fits just now."

Mrs. Green let her husband off that time.—*Liverpool Mercury*.

## Her Tongue.

They were talking of figures of speech.

"Have you ever noticed," said one, "how fond people are of vegetable metaphors when they are dealing with a woman? Her cheeks are 'roses,' her lips are 'cherry,' her hands are always 'lily' hands, her mouth is a 'rosebud,' her complexion is 'like a peach,' and her breath is 'fragrant as honeysuckle.'"

"You've forgotten one," said the cynic.

"What's that?"

"Her tongue. It is a scarlet runner."

## WEST POINT CADETSHIP.

An Opportunity for a Bright Nevada Youth.

In a communication to Dr. J. E. Stubbs, Congressman Newlands states that as Nevada's last West Point cadet, S. Hamilton, will graduate in June, 1900, arrangements must be made to hold an examination for the purpose of making the next appointment.

Dr. Stubbs, Prof. Bray and Dr. P. T. Phillips were requested to act as the board of examiners, which they have decided to do. It is supposed many applicants will appear for the examination, which will take at least three days. The following is the formal notice:

## NOTICE.

Mr. Newlands announces that he has determined to submit the appointment of a cadet to West Point, whose term of service will commence in July, 1900, to a board of examiners, consisting of President J. E. Stubbs, of the State University, Professor J. E. Bray, of the Reno High School, and Doctor P. T. Phillips. Doctor Stubbs announces that the board will meet in the High School room, Reno, at 9 A. M. Monday, June 19th, 1899; that they will examine all applicants who shall first have passed the physical examination of Dr. P. T. Phillips. The applicant who stands highest in examination will receive the appointment of Cadet; the applicant who stands next highest will receive the appointment of alternate. In the examination the physical condition and aptitude for the profession will be considered as well as the mental capacity. A circular containing all the information required regarding the necessary qualifications will be sent upon application to Dr. Stubbs. The newspapers of the State are requested to give circulation to this notice. A bulletin giving subjects and qualifications will be published within a few days.

## University Notes.

Thomas P. Boyd of Berkeley will lecture at general assembly to-morrow on the subject, "Black the Heels of Your Shoes."

Two complete and admirable bulletins have just been completed at the Agricultural Experiment Station. The first is an extensive treatise on "Nevada Weeds," by Professor F. H. Hillman. It contains 130 pages, and is well illustrated by drawings from the author.

The second is entitled "Some Nevada Soils" and is the labor of Professor N. E. Wilson. It is a treatise which should be in the hands of every intelligent farmer in the State. The evils peculiar to our State are thoroughly discussed in a manner which is not only instructive, but interesting.

## To be Reduced to an Assay Office.

The Carson Appeal says: "Word has been received from Washington to the effect that after the first of July the mint will only be conducted on the basis of an assay shop, with an assayer, one assistant assayer and a clerk. This may include a watchman or two, but that will compose the working force of the mint."

Where, oh, where is one good Senator Stewart, who guaranteed in the event of his election that coinage should be resumed in less than a year? This when he knew he was held in less estimation by the administration than a yellow cur in a dog show. Let's see, did the Ormsby Silver party delegation vote for Stewart or Charley Wallace? It's so long ago that we've forgotten which.

## The Ravages of Grip.

That modern scourge, the Grip, poisons the air with its fatal germs, so that no home is safe from its ravages, but multitudes have found a sure protection against this dangerous malady in Dr. King's New Discovery. When you feel a soreness in your bones and muscles, have chills and fever, with sore throat, pain in the back of the head, catarrhal symptoms and a stubborn cough you may know you have the Grip, and that you need Dr. King's New Discovery. It will promptly cure the worst cough, heal the inflamed membranes, kill the disease germs and prevent the dreaded after effects of the malady. Price 50c. and \$1.00. Money back if not cured. A trial bottle free at S. J. Hodgkinson's Drug Store.

## Edward B. Payne.

Edward B. Payne, who will lecture here on Walt Whitman on March 21st, 23d and 24th, is conceded to be the equal of any lecturer who has visited the Pacific Coast in years. He was requested by President Jordan to deliver his lectures at Stanford and has also been invited to deliver them in San Francisco. That Reno people should be given an opportunity to hear him is more than could reasonably be expected, but through great effort arrangements have been made for his appearance here, and if we mistake not the capacity of the Congregational Church will be taxed to its utmost to accommodate those who will be desirous of hearing him. Tickets on sale at Hodgkinson's drug store.

## Pumping Plant.

Jasper Harrell of Visalia, also of Sparks & Harrell of this State, has started an irrigation plant on his 10,000 acre ranch near Visalia. Four pumps will be operated, one pump at each well, total capacity, 185,000 gallons per hour. With the irrigation plant in full operation the ranch will be the "fin de siecle garden of Eden." Water is pumped from a depth of 40 to 200 feet. The experiment results will be noted by Nevada ranchers.

## CAPTAIN NEALL.

It is Thought He Will Soon Return to San Francisco.

The following appeared in yesterday's Examiner:

The officers at the Presidio profess to know nothing regarding the prospective return of Captain J. M. Neall, whose sudden departure last month created a sensation in army circles. Not a single officer can be found who will say that he is aware that the derelict officer is about to return.

It has been stated that Neall will within the next few days report for duty at his old post and place himself in a position to receive his punishment for absenting himself without leave. When last heard from the cavalry captain was below the Mexican border, and his letters to this point have been in the nature of inquiries for the extent of the shortage which has been figured up against him, and expressions of sorrow at his foolish action in fleeing when his affairs could have been adjusted without bringing him into disgrace.

The friends of Captain Neall will make good his shortage, leaving only the charge of "absent without leave," and it is more than probable that a court-martial will look with lenient eyes on this portion of the escapade. Therefore it is likely that a few months suspension will be the extent of punishment.

It was evident from the start that Neall intended to effect some kind of a settlement, for the first communication which any of his brother officers received from him contained a request for a definite statement. Then followed a letter to his wife asking that his friends be requested to aid him, which indicated hope on his part that he might be able to square up and begin anew.

Captain Neall's wife, who has been prostrated since her husband's departure, is so far recovered that she was yesterday removed from the sanitarium where she was receiving treatment to her home at the Presidio.

## Discovered by Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and two bottles, has absolutely cured. Her name is Mrs. Luther Lutz. Thus writes H. C. Hamrick & Co. of Shelby N. C. Trial bottles free at S. J. Hodgkinson's Drug Store. Regular size 50 cents and \$1.00. Every bottle guaranteed.

## For Over Fifty Years.

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children when teething. If disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for children teething. It will relieve the poor little sufferer immediately. Depend upon it, mothers there is no mistake about it. It cures Diarrhea, regulates the Stomach and Bowels, cures Wind Colic, softens the gums, reduces inflammation and gives Tone and Energy to the whole system. Mrs. Winslow's Soothing Syrup for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price 25 cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

## Suspicious Characters.

The police have been watching as closely as possible the actions of several suspicious characters hitherto unknown to them. They are neither tramps nor gamblers, for they pay their bills and do not frequent the gambling houses. They have been seen prowling about at all times of the day and night. When approached they seem averse to being closely observed and openly evince a strong desire to avoid conversation. The officers hold the opinion that they are fugitives from justice.

## To-morrow Night's Entertainment.

To-night will be the last full dress rehearsal of the Wheelmen's Minstrels, and everything will be in readiness by to-morrow night for the performance.

The boys have worked faithfully to put on a good entertainment and hope to merit the approval of the large audience that will be in attendance. An excellent orchestra will be properly rendered. Each specialty, song and joke will be new and no one should fail to be in attendance. Admission 75 and 50 cents.

## Bargains in Pianos.

A. P. Hodges, the reliable piano dealer who has paid yearly visits to this section for years, has returned with a fine line of high grade pianos to again give the people an opportunity to purchase first-class instruments. Mr. Hodges can be seen at the Golden Eagle hotel, and anyone desiring to purchase a good piano should by all means improve the opportunity now offered. mar12t6
